Bachelor of in AI&DS

RVS College of Engineering and Technology

2025-2029

TECHNICAL SKILLS

- HTML
- CSS
- JAVASCRIPT
- REACT
- PYTHON

LANGUAGE

- Tamil
- English

EXPERIENCE

RUBY LIVES

2026- PRESENT

It is a blood donation application

- Collaboratively working in a platform, that acts as a bridge between donors and the patient to save lives. Rather than others apps on playstore we added some unique features and safety measures. Focusing to solve a problem that what the normal users faces.

LINK TO LEAD

2026-PRESENT

It is a platform between coaches and players

- Collaboratively working in a application to solve a problem that every sports player and coaches faces to find the well trained player and finding opportunities for players to showcase their talent. We belive that oru application should fullfill the empty opportunities and it should be the perfect platfirm for the player and coaches

PROJECTS

YAZH-RESTAURANT

2026-COMPLETED

- I have created a simple restaurant website to showcase my coding knowledge. I created this demo website using the HTML, CSS, JAVASCRIPT

Here is my vercel link to check out my coding skills

https://yazhrestaurant.vercel.app/

YAZH-CORPORATE HALL BOOKING WEBSITE

2026-COMPLETED

- I have created demo and simple website for booking halls for corporate events using the technologies HTML, CSS, JAVASCRIPT, REACT. This project helps me to gain knowledge in UI/UX, how it works. From this project i have learnt javascript works.
